We will be taking a break in July. So, what do we do?

There are currently ten of us who read a book selected the previous month. We all offer suggestions and try to agree on something that appeals to most of us - we cross all genres of fiction and non-fiction. We try to settle on selections which have adequate copies available from the Orange County Library.

We get together on the second Monday of each month and discuss the book - likes, dislikes, etc. We talk about other books we've read. We socialize and talk about

stuff that has nothing to do with books. Sometimes we have cookies or cake.

So far this year we have read:

- *The Personal Librarian* by Marie Benedict and Victoria Christopher Murphy
- *The Last Green Valley* by Mark Sullivan
- *The Children's Blizzard* by Melanie Benjamin
- *The Story of Arthur Truluv* by Elizabeth Berg
- *The Stolen Lady* by Laura Morelli
- *The Island of Missing Trees* by Elif Shafak
- *The Guest List* by Lucy Foley

Think about joining us in August!

KEEP YOUR SKIN HEALTHY ALL YEAR LONG

With summer here, you're probably wearing lighter clothing and spending more time out in the sun. That's great, but don't forget to protect your skin-not just during the summer, but all year round. The Health Site website offers these do's and don'ts for keeping your skin healthy:

- **Do hydrate.** Water is important for good health in general, and it's essential to healthy skin, helping to clean out toxins from your body and opening your pores to give skin a healthy look.
- **Don't smoke.** Smoking can accelerate your body's aging process, as well as decrease the amount of necessary vitamins and nutrients needed for healthy skin.
- **Do wash and moisturize.** Cleaning your skin in the morning and evening will remove dust

and oil that clogs your pores. Use a moisturizer with an SPF of 30 or higher after washing.

- **Don't pick at your skin.** Skin oil can create pimples, but don't pick at them. That can cause them to become septic and leave marks on your body.
- **Do use sunscreen.** It's not just for going to the beach. Apply sunscreen every day if you're going to be outside at all. Choose one that's 30 SPF or higher for good protection from UV rays.
- **Do eat a healthy diet.** Lots of green vegetables and fruit can help your skin stay fresh and young. Raw tomatoes and fruits can brighten your skin.

REMEMBER THESE AT YOUR NEXT PARTY

- I just got my doctor's test results and I'm really upset. Turns out I'm not going to be a doctor.
- As I get older, I remember all the people I lost along the way. Maybe my career as a tour guide was not the right choice.
- I visited my friend in his new apartment. He told me to make myself at home, so I threw him out. I hate having visitors.
- My parents raised me as an only child, which really annoyed my sister.
- I threw a boomerang a few years ago. I now live in constant fear.
- I'll never forget my grandfather's last words to me just before he died: "Are you still holding the ladder?"
- My relatives liked to tease me at weddings, saying things like, "You'll be next!" They stopped once I started saying the same to them at funerals.
- I childproofed my house. Somehow they still got in.

Out and About In Our Community

Submitted by Joe Grelish

Friends and Neighbors, Here we are just a day or two from celebrating our independence from England on July 4th, 1776. As of this writing, our nation has faced every challenge and emerged successful.

We are currently facing challenges that no soul could predict a hundred plus years ago. Here, reams could be written, but this is not the forum.

Onto a few topics of interest and information.

The signs into Williamsburg from the Beachline 528 are refurbished and nicely painted. Many kudos to the workers and all parties that enabled this project to be completed.

The installation of the traffic lights at the intersection of Gateway and Orangewood is proceeding very slowly. There are supply chain material delivery issues and contractual challenges. However, being upset about this internally, or with county government, isn't going to expedite completion.

It will get done, when it's supposed to, and not a minute earlier.

At our last Williamsburg meeting held at Greenbrier on Monday, May 2nd, several Orange County departments attended, made excellent presentations, followed by a question and answer period.

Orange County residents may report local non emergency community issues conveniently by submitting reports regarding animals, traffic signs, potholes, graffiti, sidewalk repair and other community issues. Anonymity is an option, however always professionally and respectfully.

The link is shown below.

<https://www.orangecountyfl.net/Home/NewslettersAlerts/OCFL311.aspx>

The newly appointed Sheriff Captain of Sector 5 (our sector), Don Woods expounded on the minimum crime issues here in Williamsburg. They are patrolling at different times, using different vehicles and techniques for their work.

Captain Woods introduced the lead crime prevention deputy, Stanley Murray, whom also made an excellent presentation.

The most important information shared by Deputy Murray is that their department may do a total crime prevention assessment of your home, if you request it, and get it scheduled.

The phone number is 407-962-5912.

The HOA Board of Parkview Point is offering the use of our newly refurbished clubhouse for future meetings with Orange County, or if WHOA would like a change in venue.

Until next month friends and neighbors, take care of each other, reach out, and enjoy our beautiful part of paradise.

JULY HOLIDAYS

Independence Day, July 4. Celebrating the U.S. Declaration of Independence and the founding of the United States of America.

Simplicity Day, July 12. Choosing to live a life of simplicity is not about choosing to live in poverty; it's about living in balance.

Bastille Day, July 14. The anniversary of the storming of the Bastille on July 14th, 1789, a major event of the French Revolution.

World Snake Day, July 16. There are about 3,400 known species of snakes living in almost every region in the world playing a vital role in maintaining the well-being, sustainability, and biodiversity of various ecosystems.

National Disability Independence Day, July 26. Commemorating the signing of the Americans with Disabilities Act in 1990, assuring Americans with disabilities access to civic and economic opportunities.

AMERICANS WORRIED ABOUT ONLINE DATA SECURITY—BUT MAYBE NOT ENOUGH

Safeguarding your personal data in a digital age is a problem for everyone. A poll by Ipsos on behalf of Google found that 84% of Americans are at least somewhat concerned about the security of the personal information they fork over on the internet. Older Americans show more worry—88% of those 55 and up, compared to 79% of people 18–34.

Despite this, fewer actually check their online accounts' security settings regularly. Sixty-five percent admit to using the same password for different accounts, about one in five use passwords that can be easily guessed (PASSWORD, anyone?), and 52% use personal information like family names or birthdays as part of their passwords. One in three Americans in the survey also say they've shared a password with someone else, or know the password to another person's account.

About a third of Americans—37%—say that their online data has been compromised. Ninety-two percent responded by changing their password after the breach.

SLEEPING PROBLEMS AFFLICT MANY

A good night's sleep can be hard to find these days, according to a survey by Gallup and mattress retailer Casper. Only about one-third of some 3,000 Americans in the survey said they're getting regular high-quality sleep, with a third of all survey respondents reporting that their sleep the previous night was fair to poor.

Stress is a major factor, according to 96%. The American Psychological Association attributes that to worries about inflation, global uncertainty, and the war in Ukraine.

There's good news: Thirty minutes of daily exercise can improve your chances of getting a good night's sleep by 30%, and 75% of "excellent" sleepers credit a regular bedtime

routine with helping them get the rest they need.

HOW TO CHOOSE THE RIGHT DOCTOR

Here's some advice from the Healthline website:

- Check your network. Staying within your health plan's network can save you money. Look through your plan's documents to locate primary care doctors in your community.

- Talk to family members and friends. Ask who they go to, and whether they like and trust them. You can also look to other health care workers you know—your pharmacist, physical therapist, eye doctor, and the like.

- Consider the location. Is it easy for you to visit the doctor's office? Ask about public transportation, parking, access, and other physical issues. If your doctor's office is inconvenient to get to, you won't go as often as you should.

- Check availability. How busy is the doctor? Will you be able to get an appointment when you need one? Is telemedicine an option? You should be able to see a doctor quickly when you need to.

- Meet the staff. You'll be interacting with nurses and assistants, not just the doctor. On your first visit, see if they're friendly and helpful so you'll be comfortable sharing your concerns with them.

- Group vs. Individual practice. In a group practice, you may not always get to see the doctor you choose. On the flip side, if the doctor is a solo practitioner, their availability may be limited.
