## Board Message

Happy Holiday to all from the Parview HOA Board and the Parkview Social Committee. This has been a year of change, but although it didn't bring what everyone desired, it was handled so that the steady increase in costs did not affect the individual homeowners. As a homeowner I wish to thank the board, especially the president, for all the hard work she did in this year filled with challenges and change. As everyone well knows, with changes comes sacrifice, but in the end the greater good was achieved in my opinion. With a joint effort of the Board, the Great Room Committee, and the Social Committee, the kitchen has had a renovation, not what was planned but one that makes it more aesthetically pleasing and functional. The board handled the resignation of the maintenance person, secured a new lawn contract after the lawn company exiting early and hired a new pool company while repairing the 30+ year old pool all in a short period of time. After a 2 year battle the first of the new streetlights were installed on December 16th. Many thanks go to Nicole for constantly following up for the board on their status and the president who relentlessly battled with the power company to make this happen. Thanks also goes out to the volunteers who collected signatures on the petitions to have the streetlights replaced as well as the homeowners who support this

effort by signing them for us. A big thanks also goes out to Rick Richardson for all he has contributed to making our community a nicer place to live. Rick's efforts go way beyond what he was contracted to do for Parkview. Although Kristina Zelik, Craig Williams' replacement from Greystone, is new to Parkview, she has stepped up and tackled many of the lingering issues head on. She is yet another positive addition to our group and on behalf of the board we thank her for stepping in on such short notice.

Since there were no elections to replace board members, the December HOA Board Meeting was a short one. The floor was opened up to the residents in attendance and the following items were addressed:

1. Homeowners and Board discussed Pool and Spa heating, night swimming, costs associated and action plans that could be taken.
2. Homeowners and Board discussed radio system of clubhouse and options or considerations for repairing the existing system or replacing it.
3. Homeowners and Board discussed concerns of unresolved violations, deferring to emails previously sent. The homeowner was asked to supply those emails to Kristina for review.

A separate meeting was held by the board to secure new officers for 2023. The board voted to continue on with the existing members in their current roles.

As 2022 ends, so must this writing. I trust everyone will have a Happy Holiday Season and a wonderful and blessed new year!

*Submitted by Santiago Lopez,  
WGA President 502-376-2995*

We made it through another year! I hope everyone had a wonderful holiday season. Now we are entering a new year and looking forward to it being a great year for everyone and their families.

The membership fee to the WGA is \$20.00 yearly. Three rounds of play are necessary to establish a handicap. Once you get your handicap you pay an additional \$5.00 per round for the league play. First place pays \$6.00 per man, per team, Second place pays \$5.00 and Third place pays \$4.00. The fees mentioned above are in addition to your greens fee to Remington Golf Club.

Closest to the pin winners receive \$10 on a Par 3. If you or anyone you know are interested in joining the league please feel free to call or text me (Santiago) at 502-376-2995.

We have more new members to recognize, Kjell Allanson, and Charles (Chuck) Sabo. They will be joining us on a regular basis. Please introduce yourself and welcome them.

#### **CLOSEST TO THE PIN:**

Ken McCrae; Charles Bradley, Don Groesbeck, David Virovatz, Roberto Rivera, Pablo Vazquez, Bill Marcontell, Santiago Lopez, Bob Kenyon, William Flores, Dennis Wolfe, Jose Soto, Alan Gary, and Rita Behnken.

#### **ENJOY LIFE JOKE**

Sam goes to the doctor for his yearly checkup. "Everything is fine", said the doctor, "You're doing OK for your age." "For my age?" questioned Sam, "I'm only 75, do you think I'll make it to 80?" "Well" said the doctor, "do you drink or smoke?" "No" Sam replied. "Do you eat fatty meat or sweets?" "No" said Sam "I am very careful about what I eat." "How about your activities? Do you engage in thrilling behaviors like speeding or skiing?" "No" said Sam taken aback, "I would never engage in dangerous activities." "Well," said the doctor, "then why in the world would you want to live to be 80?"

#### **RECIPE FOR THE HOLIDAYS ALL YEAR LONG**

*Take a heap of child-like wonder  
That opens up our eyes  
To the unexpected gifts in life-  
Each day a sweet surprise.  
Mix in fond appreciation  
For the people whom we know;  
Like festive holiday candles,  
Each one has a special glow.  
Add some giggles and some laughter,  
A dash of holiday food,  
(Amazing how a piece of pie  
Improves our attitude)  
Stir it all with human kindness;  
Wrap it up in love and peace,  
Decorate with optimism, and  
Our joy will never cease.  
If we use this healthy recipe,  
We know we will remember  
To be in the holiday spirit,  
Even when it's not December.

## SOME NUMBERS AND HISTORICAL FACTS ABOUT SLEEP

It seems like nobody's getting much sleep in America these days. In America, some researchers say that 75 percent of the population reports at least one symptom of a sleep disorder.

One-hundred-and-fifty years ago, people still went to sleep when their candles burnt out, and they got up when the sun popped up over the horizon, according to sleep specialist Dr. David Joffe. Now, he says, those cues are no longer part of what signals it's time to sleep in our societies. Instead people go to bed after their favorite television shows go off or they wake when their alarm goes off. Stanley Coren, author of the book *Sleep Thieves*, claims that our modern sleep-deprived state makes us clumsy, stupid, unhappy and dead. According to Coren, evolution set us up for about nine to 10 hours out of every 24 hours for sleeping. Now however, in the United States, the average amount of sleep during the weekday is 6.9 hours; on the weekend, it's 7.4 hours (National Sleep Foundation, 2005). That means that on average most people are being deprived of between a half an hour and 2 hours of sleep per night.

Coren also says that every spring when we shift to daylight savings time and lose an hour's worth of sleep that traffic accidents (according to statistics in Canada) jump by 7 percent. Every fall when we go back to getting our extra hour's worth of sleep, accidents decline by 7 percent. That's how sensitive we

are to needing the right amount of sleep, he says.

If you're not getting enough sleep, you can blame Thomas Edison. He invented the light bulb and, he proclaimed people didn't need much sleep. The prolific inventor claimed to only sleep four hours a night, but according to the U.S. Department of Interior's National Park Service Web site page on Thomas Edison, he actually slept between four and five hours a night and kept a cot in his laboratory where he often took catnaps, which were an hour or two long—and sometimes he would take two a day. If he had a night of short sleep, he usually slept most of the next day as well. So he was probably not as sleep deprived as is commonly believed.

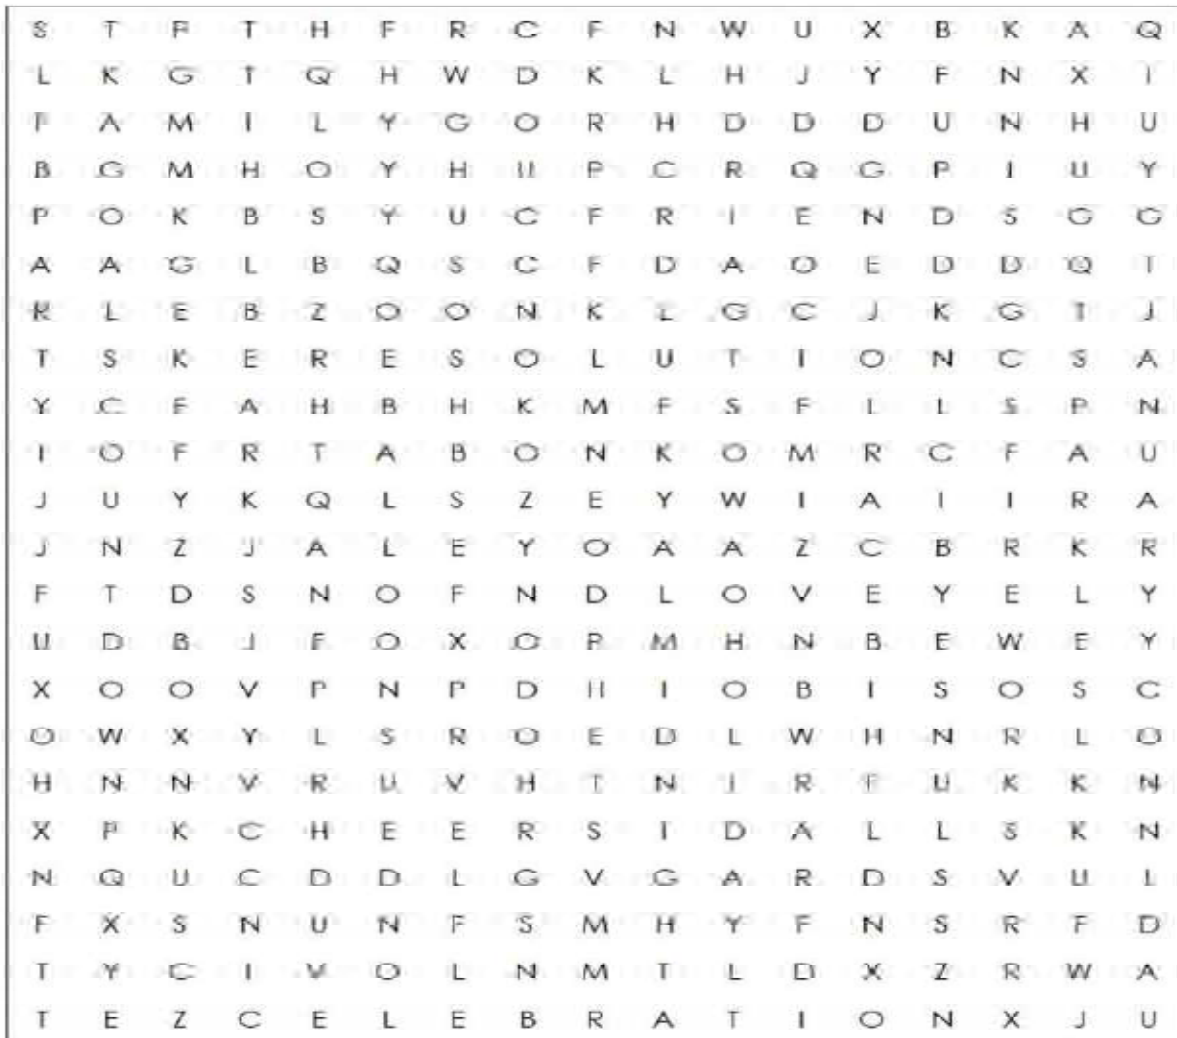

Here are some more sleep numbers from the National Sleep Foundations 2005 "Sleep in America" poll:

- 40 percent of respondents report getting less than seven hours of sleep a night on weekdays.
- 71 percent are getting less than eight hours of sleep on weekdays.
- Since 2001, the percentage of respondents who say they get eight or more hours of sleep on weeknights has plummeted 12 percent (from 38 percent in 2001 to 26 percent in 2005.)
- Also, since 2001 the proportion of respondents who say they sleep eight hours or more on the weekends has gone from 61 percent (2001) to 49 percent (2005).
